

The 2008 Chemical Weapons Convention Review Conference Reader

A collection of articles, essays and interviews on the threats posed by chemical weapons. Includes interviews with Ambassador Rogelio Pfirter and Ambassador Donald A. Mahley. The reader focuses on the future of chemical weapons control efforts, including destruction deadlines, threats to treaty effectiveness, and Chemical Weapons Convention universality. Contributors include Oliver Meier, Daniel Feakes, John Hart, Jonathan B. Tucker, Ralf Trapp and Kyle M. Ballard.
