

## **The 2006 Biological Weapons Convention Review Conference Reader**

In this reader, leading experts summarize new and old dangers associated with biological weapons and recommend ways of addressing them. The reader includes an interview with Ambassador Masood Khan, the designated president of the 2006 BWC review conference. Other contributors include Oliver Meier, John Borrie, Nicholas A. Sims, Trevor Findlay, Nicolas Isla, Iris Hunger, Jonathan B. Tucker, Roger Roffey, John Hart, Frida Kuhlau, Mark Wheelis, and Christopher F. Chyba.
